Meeting: 19th of April 2023

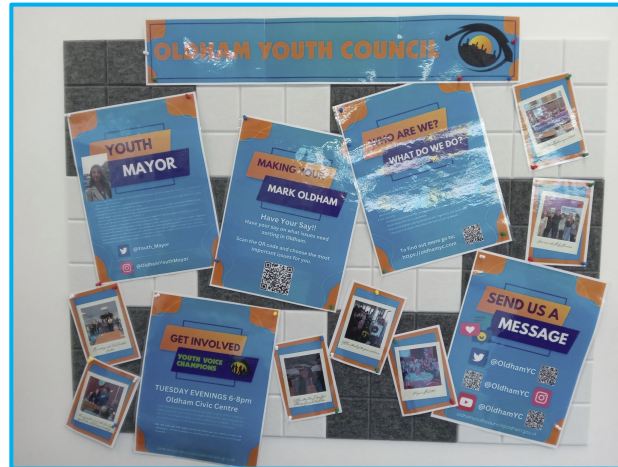

In this meeting, we got consulted on how the **mayor's charity events** can be more appealing and inclusive to a younger audience.

Alongside this, youth councillors received **training** by the youth workers on how to plan and manage projects, in preparation for our campaigns, which will be based on what people vote for in the Making your Mark Oldham vote.

Mahdlo: 26th of April 2023

Youth councillors visited [Mahdlo Youth Zone](#), and came up with a new notice board, so young people know what the youth council is about. Alongside this, youth councillors talked to young people in Mahdlo, where they could ask questions or even ask us to tackle issues important to you.

Meeting: 3rd of May 2023

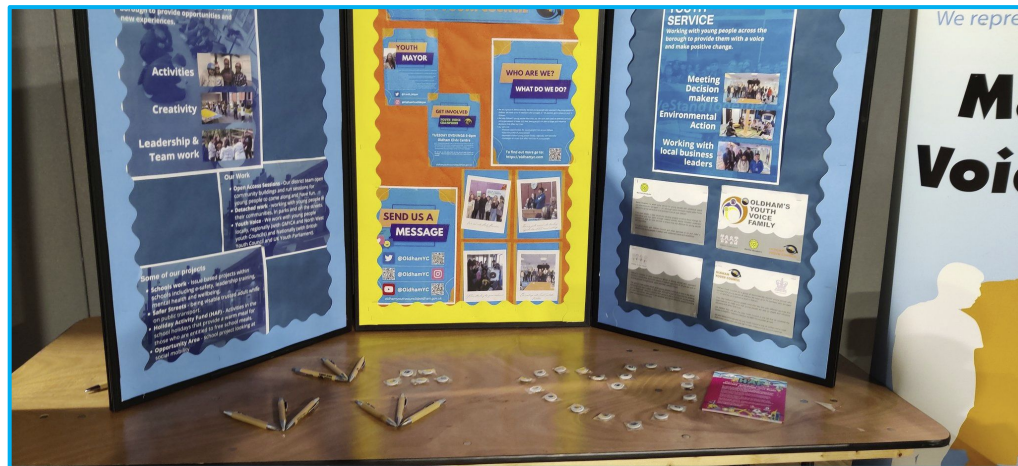

At this meeting, youth councillors went through the constitution again (where the amendments were already discussed in October 2022) and agreed on the final draft. The new constitution will be released in the coming days.

Alongside this, youth councillors discussed redesigning the youth charter completely from scratch. The youth charter is a document which helps organisations in Oldham know how to include young people.

Meeting: 31st of May 2023

At this meeting, youth councillors discussed the [Good Employment Week](#) (lead by the Greater Manchester Combined Authority), and hosting an event for young people in June. This event may involve telling people what good employment is, some information about work (e.g. income tax) and involving local employers.

Alongside this, youth councillors discussed what questions we can ask on vaping to young people, so we can figure out why people vape, and potential solutions to reduce or stop it, as vaping and smoking came up high on the Making Your Mark Oldham.

What We'll Be Up To

Campaigns

At a local scale, we have begun discussing potential campaign ideas on [smoking & vaping](#), as well as [mental health](#), based off Making Your Mark Oldham.

At a national scale, the UK Youth Parliament have been campaigning for [free school meals](#) for everyone under the age of 18. This is because the current system excludes those homeschooled, and those above a certain age in a household earning above a certain income (which is low). Hence, the campaign will attempt to get all the major political parties to put free school meals in their manifestos, for the 2024 general election.

Thank You

Information will be sent out to schools and on our website around October and November.
